

WHO'S WORRIED ABOUT A LITTLE WATER?

SUPER. NATURAL.

- Patented TEC manufacturing process bonds natural wood fibers with phenolic resins and zinc borate to resist moisture, rot and termites
- Backed by an industry-best 30-year warranty

READY TO WORK.

- Uniform density makes it easy to machine, cut and nail without chipping or splitting
- Free of voids and knots, so there is no waste
- Factory-primed and ready to paint
- Versatile, giving you the option of working with one of two reversible sides: woodgrain texture or smooth

WHY RESIST?

- MiraTEC delivers the long-term moisture resistance and durability of PVC trim – at about half the price

MIRATEC®
Treated Exterior Composite TRIM
